

CONSULTING ENGINEERS
GENERAL MEMORANDUM 09-02

STATE OF CONNECTICUT
DEPARTMENT OF TRANSPORTATION
BUREAU OF ENGINEERING AND
HIGHWAY OPERATIONS
OFFICE OF ENGINEERING

Estimating Guidelines

January 30, 2009

To: CONSULTING ENGINEERS

The January 2009 update of the Preliminary Cost Estimating Guidelines prepared by the Department of Transportation are now available.

Both metric and standard versions are available on the Department's web site:

http://www.ct.gov/dot/lib/dot/documents/dcontractdev/ESTIMATING_ENGLISH.PDF.

http://www.ct.gov/dot/lib/dot/documents/dcontractdev/ESTIMATING_METRIC.PDF

The Department has established a practice of updating this material every year. This is to notify firms of their responsibility to seek out the latest version of these documents when performing work for the Department. Updated Preliminary Cost Estimating Guidelines will no longer be the subject of future Consulting Engineers General Memorandums.

Very truly yours,

Thomas A. Harley, P.E.
Manager of Consultant Design
Bureau of Engineering and
Highway Operations
